Delegated Regulation (EU) 811/2013

|                                                                                                  |                                     |
|--------------------------------------------------------------------------------------------------|-------------------------------------|
| Supplier name or trademark                                                                       | <b>Panasonic</b>                    |
| Model identifier                                                                                 | <b>WH-ADC0309K3E5 / WH-UDZ03KE5</b> |
| Low-temperature application                                                                      | <b>No</b>                           |
| Load profile                                                                                     | <b>L</b>                            |
| Seasonal space heating energy efficiency class (average climate conditions - Medium temperature) | <b>A++</b>                          |
| Water heating energy efficiency class                                                            | <b>A+</b>                           |
| Rated heat output (average climate conditions - Medium temperature)                              | <b>3 kW</b>                         |
| Annual energy consumption - final energy (average climate conditions - Medium temperature)       | <b>1 788 kWh</b>                    |
| Annual energy consumption - GCV (average climate conditions - Medium temperature)                | <b>- GJ</b>                         |
| Annual electricity consumption - final energy (average climate conditions)                       | <b>790 kWh</b>                      |
| Annual fuel consumption - GCV (average climate conditions)                                       | <b>- GJ</b>                         |
| Seasonal space heating energy efficiency (average climate conditions - Medium temperature)       | <b>136 %</b>                        |
| Water heating energy efficiency (average climate conditions)                                     | <b>128 %</b>                        |
| Sound power level (Indoors)                                                                      | <b>41 dB</b>                        |
| Specific precautions                                                                             | <b>-</b>                            |
| <b>Additional information</b>                                                                    |                                     |
| Rated heat output (colder climate conditions - Medium temperature)                               | <b>2 kW</b>                         |
| Rated heat output (warmer climate conditions - Medium temperature)                               | <b>4 kW</b>                         |
| Annual energy consumption - final energy (colder climate conditions - Medium temperature)        | <b>1 740 kWh</b>                    |
| Annual energy consumption - GCV (colder climate conditions - Medium temperature)                 | <b>- GJ</b>                         |
| Annual energy consumption - final energy (warmer climate conditions - Medium temperature)        | <b>1 274 kWh</b>                    |
| Annual energy consumption- GCV (warmer climate conditions - Medium temperature)                  | <b>- GJ</b>                         |
| Annual electricity consumption - final energy (colder climate conditions)                        | <b>1 023 kWh</b>                    |
| Annual fuel consumption - GCV (colder climate conditions)                                        | <b>- GJ</b>                         |
| Annual electricity consumption - final energy (warmer climate conditions)                        | <b>654 kWh</b>                      |

|                                                                                           |       |
|-------------------------------------------------------------------------------------------|-------|
| Annual fuel consumption - GCV (warmer climate conditions)                                 | - GJ  |
| Seasonal space heating energy efficiency (colder climate conditions - Medium temperature) | 110 % |
| Seasonal space heating energy efficiency (warmer climate conditions - Medium temperature) | 165 % |
| Water heating energy efficiency (colder climate conditions)                               | 99 %  |
| Water heating energy efficiency (warmer climate conditions)                               | 154 % |
| Sound power level (Outdoors)                                                              | 55 dB |

Model placed on the Union market from 17/04/2023

**EPREL registration number:** 1575983

<https://eprel.ec.europa.eu/qv/1575983>

**Supplier:** Panasonic Marketing Europe GmbH (Manufacturer)

**Website:** [www.Panasonic-Europe.com](http://www.Panasonic-Europe.com)

**Customer care service:**

**Name:** Panasonic Appliances Air-Conditioning Europe

**Website:**

**Email:** [EPREL.HVAC@eu.panasonic.com](mailto:EPREL.HVAC@eu.panasonic.com)

**Phone:** 00 49 611 235 209

**Address:**

Hagenauer Strasse 43  
65195 Wiesbaden  
Germany
